ENGLISH PROBE SHOWS CRUELITIES IN HANOVER PRISONS

British Jurist Reports Petty
Tyranny of German Com-
manders Made Up True
Horrors of Camps.

LONDON, Dec. 3. (British Wireless Service.)—The commanders of the notorious German prison camps of the Hanover command, who subjected British officers to gross indignities and brutal treatment, have been exposed in the latest report of Sir Robert Younger, judge of the high court of justice, and his committee, which has been dealing with the treatment by the enemy of British prisoners of war.

The committee's report says it is not the great events, involving at least one case of homicide and which will receive special attention on some other occasion, that the true significance of the German horrors is to be found, but in the petty tyranny constantly exercised; the punishment of men for so-called offenses, needless restrictions and the overbearing conduct of the German administration.

The report says that in 1917 Gen. von Haenisch, in charge of the prison camps, carried out a system of coercion in conjunction with Capt. Niemeyer, twin brothers, commanders respectively at Holmünden and Kallsthal.

Gen. von Haenisch is termed an unreasonable and cruel man, endowed with a violent temper. He took every opportunity to crush anything which would make the prison life less irksome. He called the prisoners dogs and pigs, as also did Gen. Pavlovsk, inspector-general of the Hanover command.

"These are our enemies," Gen. von Haenisch told the commandant at Appel. "Don't forget to treat them as such." He was speaking of French officer prisoners. In the presence of Italian prisoners, Gen. von Haenisch said: "These are our would-be allies. Do not forget that."

On reaching the British sector of the line, Gen. von Haenisch declared, speaking of the British, "I am hoping every day to receive the order to send some of these people to be put up behind our lines to be shot by British shells."

Capt. Niemeyer, of Holmünden, is spoken of as the "personification of hate." He would swagger up and down the camp and demand to be saluted on every passage. Those who refused to salute were sentenced to from three to six days in cells. The senior British officer who complained of profligating in the canteen was sent to another camp. Niemeyer rejoiced in flourishing his revolver on all occasions. He minded the neutral representatives on their visits to camps.

The other Niemeyer, the report says, led to the prisoners, to his superior officers and to the representatives of the Netherlands legation. He suppressed evidence by having prisoners removed to other camps. On one occasion he ordered an officer to get down on his knees before him. Refusing to comply, a sentry was called forward and forced the officer to kneel.

NO RECOGNITION FOR HUN COUNCILS BY U. S. LEADERS

American Generals Refuse to
Recognize Workmen and
Soldiers in German Districts
Now Occupied.

WITH THE AMERICAN ARMY OF OCCUPATION, Dec. 3. (By courier to Nancy, Associated Press.)—Official recognition by Maj. Gen. Joseph T. Dickman, army of the German soldiers' and workmen's councils has been denied. Every effort by the delegates assigned to supervise the affairs in the districts occupied by the American forces or to have the Americans deal with them have failed. Gen. Harry A. Smith, in charge of civil affairs, adhering to the policy that he must treat with the de facto authorities.

Members of councils, who now are only civilians since the soldier members departed with the army, repeatedly have called at headquarters to explain their connection with the new German government and to assure the American officers that they only desire to exercise certain supervisory acts of burgomasters in their government. This was the role they had had prior to the entry of the Americans, but the Americans have insisted that it is quite enough to deal with one faction, and so long as honest cooperation is accorded this policy will be continued.

The members of the councils have protested that they are not in accord with the doctrine of Bolshevism and declared that they only desire to bridge over the gap of the transition period, which should end in February, when a constituent convention will be held. Until the American forces arrived there had been communication with the government at Berlin, but the regulations incident to the occupation have made that impossible now.

POOR COOK!
"James," said Mrs. Mellow to the man servant, "can you find out whether the tinned salmon was all eaten last night? I don't want to see the new cook, because she may have eaten it, and then she would feel uncomfortable."

"Please, ma'am," replied James, "the new cook ate all the salmon, and no matter what you was to say to her you couldn't make her more uncomfortable than she is now."

ENEMY OWNED JEWELS SOLD BY CUSTODIAN

NEW YORK, Dec. 3.—Enemy owned jewels, seized by A. Mitchell Palmer, alien property custodian, and consisting of 259 pearls, three rubies and two emeralds, were auctioned here for a total of \$137,000, said to exceed the appraisal price. Virtually all the leading jewelers of the city were represented among bidders, as were many wealthy women. The banner lot, consisting of 54 perfectly matched rose pearls, excited spirited bidding. A Fifth Avenue firm finally secured them for \$75,000.

The jewels were the property of Rudolph Hahn & Sons, of London, and were sent here before the war to be sold on consignment. The Hahn were interned in England and later exchanged for English officers interned in Germany. The jewels were then seized here as the property of enemy aliens.
